

Adam Maj Status of WP2.4

WP2 - Task 4: **Users' involvement in the GANIL organisation and development**

-

Adam Maj (coordinator), Bogdan Fornal,
Katarzyna Mazurek, Michal Ciemala, Magda Matejska-Minda,
Barbara Wasilewska, Małgorzata Borek – *IFJ PAN Krakow*

Navin Alahari, Helosie Goutte, Marek Lewitowicz, Emanuel Clement,
Maxime Depince, Stephanie Pupin – *GANIL*

Yorick Blumenfeld - *IPN Orsay*

Main goal of the Task: Creation of the GANIL User Group

GUEC members

Elected GUEC members representing **general user community** and **theory**
(Elections organized and conducted by S. Pupin and M. Depince (GANIL))

Silvia Leoni (Italy), Andreas Goergen (Norway), Adam Maj (Poland)
Maria Colonna (Italy) (elected in 2019 following suggestion of GSC)

GUEC member representing non-nuclear physics community

Marika Schleberger (Germany)

GUEC member representing home detectors

(LISE - J.C. Thomas, INDRA - J. Frankland, VAMOS - A. Lemasson, DESIR - B. Blank,
SPIRAL1-LEB - J.C. Thomas, NFS - X. Ledoux, ACTAR - T. Roger, EXOGAM - G. de France,
S3 - H. Savajols,)

Antoine Lemasson (France)

GUEC member representing travelling detectors

(ad-hoc election committee: AGATA – A. Gadea, NEDA - J.J. Valiente-Dobon,
FAZIA – N. Le Neindre, GASPARD/MUGAST/.. – D. Beaumel, PARIS; A. Maj)

Marlene Assie (France)

GUEC member representing the GANIL directorate

Emmanuel Clement (France) – acting as GUEC secretary

New common initiative between Directors of GANIL and GUEC:
GANIL Award for best Ph.D. Thesis

Award Committee chaired by Andreas Goergen

GANIL Thesis Award

The GANIL Thesis Award recognizes and rewards achievements of PhD students who earned their doctoral degree based on GANIL experiments or a theoretical study closely related to research at GANIL. The award is granted periodically and awarded during a ceremony at the Colloque GANIL, where the winner will have the opportunity to present her or his work. The award is endowed with 1000 Euro. Travel and accommodation at the Colloque GANIL will be covered for the award winner.

Nominated theses will be judged on their content, originality, clarity of writing, and impact within the GANIL community and the field of nuclear physics in general. Nominations will be evaluated by a committee comprising representatives of the Scientific Council, the Programme Advisory Committee, the GANIL User Executive Committee, and the GANIL management. PhD theses that were defended between 2016 and 2018 are eligible for the 2019 Thesis Award, which will be presented at the Colloque GANIL in Strasbourg in September 2019.

Any nomination should be supported by at least two members of the GANIL science community. (The PhD supervisor can be one of the nominators.) Nominations should be sent to guec@ganil.fr before June 30, 2019.

The 2019 Award was given to dr. Marco Siciliano

Programme of GUEC Session at the Colloque GANIL in Strasbourg

16:00 - 18:30 GUEC Session (Orangerie AB)

16:00 - 16:20 GUEC – status and first actions - A. MAJ (IFJ PAN Krakow)

16:20 - 16:45 Challenges in theory in connection to Ganil experiments - M. COLONNA (LNS Catania)

16:45 - 17:10 Traveling detectors : Status & projects at GANIL - M. ASSIE (IPN Orsay)

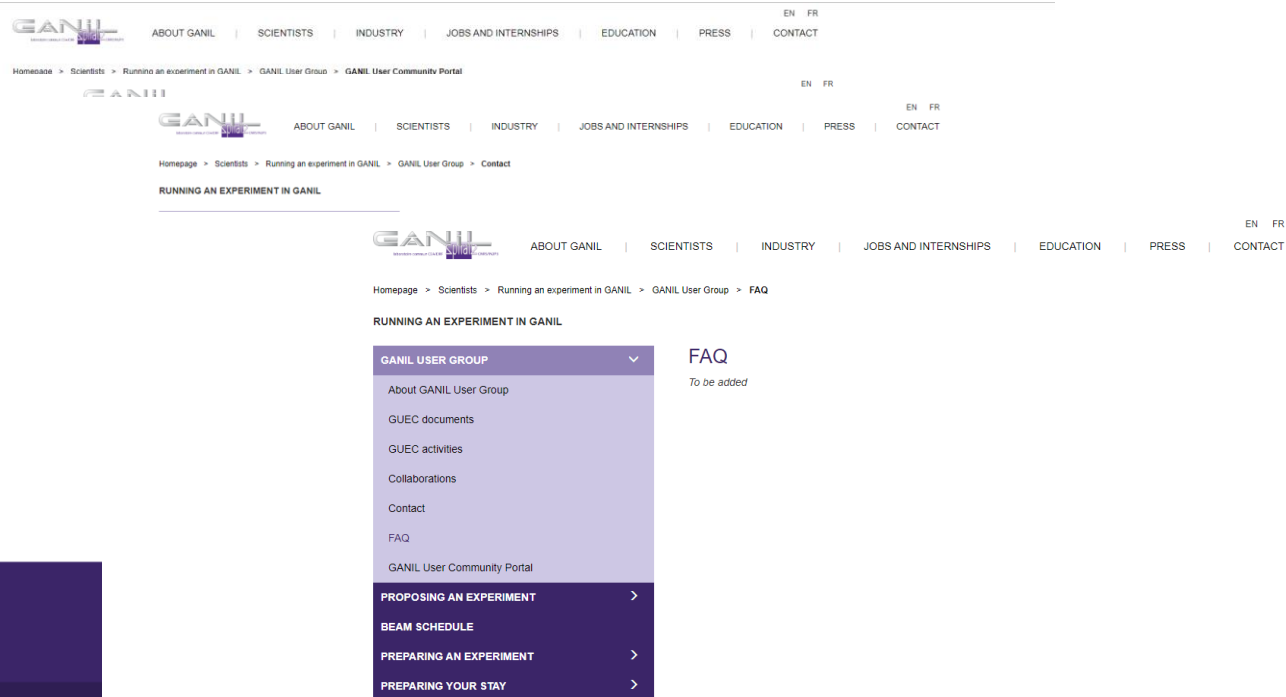

17:10 - 17:35 Ganil Local Instruments : Status and perspectives - A. LEMASSON (GANIL)

17:35 - 18:00 Overview and prospects of Interdisciplinary researches with GANIL ion beams - I. MONNET (CIMAP)

18:00 - 18:05 Decision of the GANIL Award Committee and the word by GANIL Director - A. GOERGEN, N. ALAHARI

18:05 - 18:30 talk on the awarded PhD work - GANIL AWARD WINNER

Work on GANIL User Community and GUEC started (B. Wasilewska, K. Mazurek, M. Depince, A. Maj, M. Lewitowicz,...)

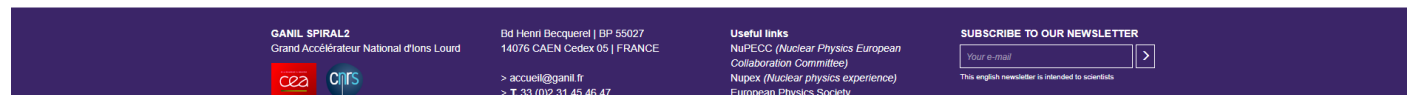

The screenshot shows the GANIL website interface. At the top, there is a navigation bar with links: ABOUT GANIL, SCIENTISTS, INDUSTRY, JOBS AND INTERNSHIPS, EDUCATION, PRESS, and CONTACT. Below this, a breadcrumb trail reads: Homepage > Scientists > Running an experiment in GANIL > GANIL User Group > GANIL User Community Portal. The main content area is titled 'RUNNING AN EXPERIMENT IN GANIL'. On the left, a dropdown menu for 'GANIL USER GROUP' is open, showing options: About GANIL User Group, GUEC documents, GUEC activities, Collaborations, Contact, FAQ, and GANIL User Community Portal. To the right of this menu, the text 'FAQ' is displayed with a note 'To be added'. Below the dropdown menu, there are links for 'PROPOSING AN EXPERIMENT', 'BEAM SCHEDULE', 'PREPARING AN EXPERIMENT', and 'PREPARING YOUR STAY'.

The footer section contains contact information for GANIL SPIRAL2, Grand Accélérateur National d'Ions Lourds. It includes the address: Bd Henri Becquerel | BP 55027, 14076 CAEN Cedex 05 | FRANCE. Contact details are provided: > accueil@ganil.fr, > T. 33 (0)2.31.45.46.47, > F. 33 (0)2.31.45.46.65. A 'Useful links' section lists: NuPECC (Nuclear Physics European Collaboration Committee), Nupex (Nuclear physics experience), European Physics Society, IDEAAL European project, and ENSAR2 European project. A 'SUBSCRIBE TO OUR NEWSLETTER' section includes a text input field for 'Your e-mail' and a button with a right arrow. Below this, a note states: 'This english newsletter is intended to scientists'.

Nominated by the GANIL directorate,
Emmanuel Clément (GANIL, secretary and management liaison)

GUEC – Status and first actions by Adam MAJ (PDF)

Theory

.. to be added ...

07.01.2020

A. Maj, IDEAAL WP2

Other GUEC actions

- Organizing the GUEC session the XX! Colloque GANIL in Strasbourg, 9-23 September, 2019
- Starting to prepare the GANIL Users Group and GUEC web page
- Co-Organizing the GANIL User Meeting in Caen (September 2020)

Deliverable: D2.4: Report on new organisation involving users (month 30) – *DONE!*

Milestones:

MS4: Kick-off meeting of the General GANIL-SPIRAL2 Collaboration (month 12) – *DONE!*

MS5: Database on research groups and equipments of GANIL-SPIRAL2 (month 18) – *DONE!*

Conclusions:

The task is on schedule – all declared deliverables and milestones were finished.

Work on GUEC web page ongoing

But problems with spending allocated budget

Spending money (Colloque GANIL, GRIT meeting, N=Z meeting, 2 x PARIS meetings)

Salary: Allocated - 80 kEuro, Spent – ca. 60 kEuro, **Left - 20 kEuro**)

Other: Allocated - 146 kEuro, Spent – ca. 60 kEuro, **Left – 86 kEuro**)

Possible solutions for further spending:

- Hiring a software engineer for the GUEC Webpage or a physicist for GANIL projects?
- Large GANIL Users collaboration meeting (mid 2020)?
- IDEAAL Meetings? (e.g. Krakow 2020?)
- Other detector collaboration meetings
- GCM Caen September 2020
